## Steel Stubble and Sod Plow.

Fitted with the celebrated "Garden  
City Clipper" Bottom.

Made by David Bradley Mfg. Co., Bradley, Ill., U. S. A.

About the best thing you can get hold of for all classes of work. At home in the stubble or fallow, turns a good flat furrow in the sod. Just a nice medium between the more abrupt old ground plow and the long, slow turning breaker. Hardened moldboard, share and landside. If we knew anything better suited to general work in this locality, we'd be selling it. But we don't think there is anything better. You'll agree when you see this one. Come in and let us show you.

FOR SALE BY BARNES & RANKIN, TUCUMCARI, N. M.

Correspondence:

The marshals and deputies are with us this week looking for some man who is a fugitive from justice. They should also look out for post haulers, there are some in the brakes who have been there for some time. They haul to market at Texico and Portales.

It has been reported by some designing persons that Fred Walther is tired of the postoffice and wants to quit. But, I will take the responsibility of informing the people and friends of Puerto that the report is not correct.

Our community is somewhat broken up over the matter. Your reporter has talked with Mr. W. and he says that when he is tired of the office he will inform the postmaster general. On the other hand, he has decided not to sell out as was his intention in the summer. The petition to retain the office at Puerto has 120 signers which proves that the people are friendly to Puerto and their present postmaster.
